What our clients say...

M Net cares day

Gina, I am sure you were inundated with emails after the very successful 8/11 golf day. So I decided to wait before congratulating you on a great performance and end result. I know it's easy to say you enjoyed yourself when you win prizes (and as you know I won my fair share) however I attend many days such as this and too many of those are shoddily organized and dreary. Your day is not. I am pleased that I was able to support the day by buying oodles of tickets.

Kind regards,

Sandra Gordon – CEO Iconic
